Dear Valued Member,

Southland Federal Credit Union continues to add new services to meet the needs of our members.

Online banking – **IT'S HERE!** In the letter to you dated December 31, 2008 you were advised that we would have our online banking up and running by the spring of 2009. I am pleased to announce that our online banking service (we call HOME BANKING) became active on Thursday, February 19, 2009. This **FREE** service is easy to use and all you have to do to enroll is go to our website at [www.southlandfcu.com](http://www.southlandfcu.com) click on the HOME BANKING and download the application. Complete the application and either fax, mail or drop it off at one of our two locations. Once processed you will receive via e-mail notification that your access to our HOME BANKING services is now active.

HOME BANKING is a service that is through a secured internet connection and is available 24/7 365 days a year. You can check on balances, see what checks have cleared, check on deposits, transfer funds, and more. Another **FREE** service within our home banking service is our **e-statement** service. The **FREE e-statement** service will allow you to receive your statement electronically and avoid the delay of the U.S. Postal Service.
