

BECOME PART OF OUR KID'S PROGRAM TODAY!

Must be under 18 years old

Open a savings account:

Credit Union will put \$5.00 extra in your account the day you open it!

*Monthly drawings**

Chance to win \$25.00

Like planting a seed and giving it water. At first it doesn't seem to be doing much. As you give it water soon you begin to see the leaves. As you add water & add some fertilizer soon it will continue to grow. So will your savings account at SFCU. Add a little bit each month and over time you will see the benefits of your deposits. As you get older you can take advantage of the other financial services we have to offer you.

* The credit union will draw a winner the first Friday of each month for \$25.00 from the entries made for the previous month. The credit union will deposit the \$25.00 into the child's savings account. In order to qualify to have your name put in for the drawing, the child must make at least a \$10.00 deposit in person before the last day of the month.

(additional restrictions apply and this program is subject to change without notice. For more details, ask to speak to one of our Member Service Representatives)
